

The Mission of St. Thorlak

Contemplative Prayer + Contemplative Action Living with Autism

The Mission of Saint Thorlak is in need of **Domestic Prayer Missionaries** - volunteers to pray for people who have contacted us with spiritual needs.

The requirements are very simple:

- 1) Commit to pray for up to four people at least once per day... wherever you are, in whatever your circumstances, doing what you ordinarily do.
- 2) Pray sincerely, from the heart, however you pray best, for those entrusted to you.

Domestic Prayer Missionaries are assigned no more than four people to pray for at one time. Those entrusted to you are identified by first name or initial only, as we greatly respect the privacy of individuals who contact us. We automatically include your name on our prayer list so that you, too, can share in the strength and spiritual support of our common fellowship.

We have no other qualifications. If you know any of the struggles of the human condition, then you are all the more qualified to pray for people in need.

We are not exaggerating: WE NEED VOLUNTEERS. No matter is too trivial to ask for prayer... no prayer is too small to make a profound difference in someone's life... and no person reading this lacks the ability to make that difference. We mean that.

Could this be your chance? Visit our webpage **CONTACT** tab or email us to get started.
